

6-0-0 8 Ca
Organically Complexed
Liquid Calcium

PRODUCT INFORMATION

Redi-Cal™ is a calcium complex with natural carbohydrates and polyhydroxycarboxylic acids, which promotes easier absorption of available calcium. The calcium made available to the plant will reduce turf stress and aid in managing water uptake. **Redi-Cal** is a foliar nutrient. Only minor amounts of nutrients applied to foliage are absorbed by plants. Foliar and seed treatments therefore supply only a portion of the three major nutrients (nitrogen, phosphorus, potassium) required for successful plant production. Such a product is recommended only for use as a supplementary source of plant nutrients to a basic fertilizer program that relates to the fertility level of the soil.

DIRECTIONS FOR USE

General Turf:

Tank mix 3 to 6 ounces of **Redi-Cal** per 1,000 ft² (95 to 191 ml per 100 m²) weekly the first month. Follow with 1 to 2 ounces of **Redi-Cal** per 1,000 ft² (32 to 64 ml per 100 m²) at 30 day intervals. Apply with no less than one gallon of water per 1,000 ft² (4 liters per 100 m²).

Inject 1 to 2 quarts of **Redi-Cal** per acre (2.3 to 4.7 liters per hectare) weekly the first month. Follow with 1 to 2 quarts of **Redi-Cal** per acre (2.3 to 4.7 liters per hectare) at 30 day intervals. Apply with no less than 50 gallons of water per acre (468 liters per hectare).

Use best management and practices when applying. Use additional fertilizers as needed based on soil and tissue testing.

PRECAUTIONS

Avoid getting in eyes, mucous membranes or on skin. Use with adequate ventilation. Keep container capped when not in use. Do not contaminate feed, seed, or water supplies. Keep away from children. Material has a two year shelf life.

FIRST AID

Skin: Remove contaminated clothing. Wash with plenty of clean water and soap. Consult a physician.

Eyes: Rinse with clean water for a minimum of 15 minutes. Seek medical attention.

Internal: Drink 2 glasses of water. **DO NOT INDUCE VOMITING.**

Seek medical attention at once.

STORAGE AND CONTAINER DISPOSAL

Store this product in a dry place, in original container only. Keep lid tightly closed. Keep away from open flame or intense heat. Triple rinse container and offer for recycling or dispose of in accordance with federal state and local authorities.

GUARANTEED MINIMUM ANALYSIS

F1435

Total Nitrogen (N)	6.00%
0.50% Ammoniacal Nitrogen	
5.50% Nitrate Nitrogen	
Calcium (Ca)	8.00%

Derived from: Calcium Nitrate.

CONTAINS NON-PLANT FOOD INGREDIENTS:

5.4% Polyhydroxycarboxylic acids (PHCA) as a complexing agent.
 (Derived from: Plant Extracts)

COMPATIBILITY WITH OTHER MATERIALS

Redi-Cal is compatible with most liquid fertilizers, insecticides, fungicides, herbicides and nematocides. Check the compatibility of untried chemical mixes. Always perform a jar test when in doubt. **SHOULD NOT BE APPLIED WITH PHOSPHATE OR SULPHATE BEARING FERTILIZER WITHOUT FIRST DOING A COMPATIBILITY TEST.**

CONDITIONS OF SALE

Seller warrants that products will be labeled as required under state and federal laws and that they conform to the label description. Any non-conformance must be reported in writing to Seller within thirty (30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery. The Seller's liability under this warranty is limited in amount to the purchase price of the product. This warranty is in lieu of all other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose. There are no warranties which extend beyond this statement.

CAUTION: Keep Out Of Reach Of Children
